Corporate Governance Statement

Current and approved by the Board as at 20 August 2021

Prime Financial Group Ltd (“The Company”) is committed to implementing the highest standards of corporate governance, on a pragmatic basis, whereby shareholders’ interests are paramount. The Company has reviewed the ASX Corporate Governance Council’s “Corporate Governance Principles and Recommendations 4th edition (“ASX Recommendations”) and, while the ASX Recommendations are not considered to be mandatory, has implemented practices largely consistent with those recommendations, with due regard to the current size and nature of the Company’s operations and also the practical economic interests of its shareholders.

The Company implemented an initial governance policy/code of conduct on 1 December 2004, in anticipation of the re-listing of the Company, which occurred on 7 December 2004. The Corporate Governance Statement is reviewed on an annual basis, or more frequently as appropriate, to ensure that it continues to be current.

The Company acknowledges that where there is a departure from the ASX Recommendations for any part of a reporting period, the Company is required to state the reasons for such departure. The Company has addressed each departure in the summary provided below in paragraph 8 below on an 'if not, why not' basis, together with any alternative governance practices adopted.

1. CORPORATE GOVERNANCE PRINCIPLES

For ease of reference, the eight essential corporate governance principles as set out in the ASX Recommendations are embodied in the items listed in the following table.

	Essential Corporate Governance Principle
1.	Lay solid foundation for management and oversight
2.	Structure the board to be effective and add value
3.	Instil a culture of acting lawfully, ethically and responsibly
4.	Safeguard the integrity of corporate reports
5.	Make timely and balanced disclosure
6.	Respect the rights of security holders
7.	Recognise and manage risk
8.	Remunerate fairly and responsibly

2. BOARD OF DIRECTORS

2.1 Role of the Board

The Board’s role is to govern the Company by setting its strategic direction and providing oversight to the management. In governing the Company, the Directors have committed to act in the best interests of the Company as a whole and its shareholders.

The main tasks of the Board are to provide strategic direction and to chart and oversee the performance of the Company. The Board must also ensure that the Company complies with all of its contractual, statutory and any other legal obligations, including the requirements of any

regulatory body. The Board has the final responsibility for the operations of the Company.

2.2 Composition of the Board

As at 20 August 2021, the Board comprises of three Directors, Mr. Simon Madder (Chairman/Managing Director/CEO), Mr Matt Murphy(Executive Director) and Mr Tim Bennett (Executive Director).

As the Company has a diverse number and range of operations and investments, the Company has adopted the definition of “independent” set out below which substitutes the concept of a “group company” for that of a “material investee”. This definition takes a practical approach and meets the required expectations, but is more reflective of the Company’s structure and operations.

For the purpose of the definition of “Independent Director”, a “material investee” is an investee company that contributes more than 5% of the Company’s earnings. Where a company is an investee of an investee of the Company, that company will only be a material investee where it satisfies the definition of “material investee” in its own right.

An Independent Director:

- a. is a Non-Executive Director;
- b. is not a substantial shareholder of the Company (i.e. is not currently a holder of more than 5% of the existing issued capital of the Company) or an officer of, or otherwise associated directly with, a “substantial” shareholder of the Company;
- c. has not been employed in an executive capacity by the Company or a material investee within the last 3 years;
- d. has not been a principal or employee of a material professional adviser or a material consultant to the company or a material investee, or an employee that is materially associated with the service provided, within the last 3 years;
- e. is not a material supplier or customer of the Company or a material investee, or an officer of or otherwise associated directly or indirectly with a material supplier or customer;
- f. has no material contractual relationship with the Company or a material investee other than as a Director of the Company or a material investee;
- g. has not served on the Board for a period which could, or could reasonably be perceived to, materially interfere with the Director’s ability to act in the best interests of the Company; and
- h. is free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with the Director’s ability to act in the best interests of the Company.

The current Board composition does not comply with ASX Recommendations 2.4 and 2.5 as it currently does not include any independent directors. This non-compliance is addressed in the summary provided in paragraph 8 below.

The Company and its Directors will continue to review the Board’s composition, with due regard to its (evolving) activities, the ASX Recommendations and economic efficacy, as deemed appropriate.

2.3 Directors

Mr. Simon Madder is the Chairman, Managing Director and Chief Executive Officer of the Company. Mr Madder is not classified as Independent.

Mr. Matt Murphy is an Executive Director of the Company. Mr. Murphy is not classified as Independent.

- a. disclose to the Board actual or potential conflicts of interest that may or might reasonably be thought to exist between the interests of the Director and the interests of any other parties in carrying out the activities of the Company; and
- b. if requested by the Board (in writing), within seven days or such further period as may be permitted, take such necessary and reasonable steps to remove any conflict of interest.

The Chairman will be responsible for arranging the induction briefing.

In addition, in order to achieve “continuing improvement” of Board performance, skills and knowledge, all Directors are encouraged to undergo continual professional development as required/deemed appropriate.

2.5.5 Independent Professional Advice

The Board collectively and each Board Committee and Director has the right to seek independent professional advice at the Company’s expense, up to specified limits, to assist them to carry out their responsibilities. The current specified limit is not more than \$5,000 in relation to a discrete (separate) matter and any Director cannot accrue more than \$10,000 of fees, without prior authorisation from the Chairman.

One or more Directors can seek professional advice from the same adviser. The Board may seek professional advice from an adviser that has been engaged by an individual Director.

The rights of and limitations on Directors to seek independent professional advice is intended to allow Directors to properly carry out their duties as Directors and is separate from the ability of management to obtain professional advice or services in relation to the operations of the Company.

2.5.6 Related Party Transactions

Proposed related party transactions including any financial transaction between a Director and the Company, will be reported in writing at each Board meeting. Unless there is an exemption under the Corporations Act from the requirement to obtain shareholder approval for the related party transaction, the Board cannot approve the transaction. If shareholder approval for the related party transaction is required, then the Board must consider all the costs and benefits of the proposed

related party transaction before deciding whether to refer the matter to the shareholders or to reject the proposed related party transaction.

2.5.7 Performance Review/Evaluation

The Board will undertake a periodic performance evaluation based upon appropriate commercial criteria, having due regard to the cost/benefit thereof. The Board's (together with any Board committees' and the individual Directors') performance shall be measured against both "qualitative" and "quantitative" indicators (subject to basic commercial principles). The objective of this evaluation is to adhere to "best practice corporate governance" for the Company.

A performance evaluation was not undertaken in the financial year ending 30 June 2021.

- b. A performance bonus designed to reward achievement by individuals of performance objectives; and
- c. Equity based remuneration including participation in the Prime Employee Share Plan, the Prime Performance Rights Plan or other incentive plans.

By remunerating senior executives through performance and long-term incentive plans in addition to their fixed remuneration the Company's objective is to align the interests of senior executives with those of shareholders and increase performance of the Company.

In evaluating the performance of senior executives, consideration is given to key performance indicators that are established in advance by the Board and are reviewed from time to time to ensure their continuing relevance to the Company. During the period the Remuneration Committee sought guidance on appropriate levels of remuneration for senior executives from an independent remuneration consultant and expert.

A performance evaluation was undertaken in the financial year ending 30 June 2021.

The philosophy of deploying this remuneration structure/strategy is to provide a clear intention to improve the Company's financial performance, and thereby increase underlying shareholder value.

- c. performance incentives which allow executives to share the rewards of the success of the Company.

8. "IF NOT, WHY NOT"

The ASX Recommendations are based around the principle that all listed companies should comply with the recommendations unless they explain why they are non-compliant. The Company has provided a summary of any departures, which it has made, from the ASX Recommendations below for the benefit and convenience of stakeholders.

Recommendation 2.1 - A majority of the Nomination Committee should be Independent Directors (See paragraph 3.3 of this Statement)

Recommendation 2.1 provides that a majority of the Nomination Committee should be Independent Directors and should be Chaired by an Independent Director. As the Board currently comprises non-Independent Directors, it is not possible for the Company to comply with this recommendation.

The Company is actively seeking to appoint an Independent Director and subject to such appointment, will consider whether it is appropriate that this Director be appointed to the Nomination Committee. In determining such appointment, the Company will give due consideration to the Nomination Committee charter and otherwise those criteria set out in paragraph 3.3.3 of this Statement.

Recommendation 2.1 also provides that the Board should disclose a charter of the Nomination Committee. The Company's Nomination Committee is conducted in accordance with paragraph 3.3 of this Statement which is clearly understood by the Directors however, the Company does not at this stage have a separate formal, written Nomination Committee Charter.

Recommendation 2.4 – A majority of the Board should be Independent Directors

At the date of this Statement the Board is comprised of three non-Independent Directors. As noted above, the Company is actively seeking to appoint an Independent Director, subject to identification of an appropriate candidate.

The Board composition, size and structure, including the relevant industry experience and specific expertise of the current Board members is considered appropriate having regard to the Company's services, operations, 'One Connected' strategy and the current phase of the Company's growth and development.

The Board also believes that having a majority of Directors with a vested interest and / or shareholding in the Company better serves the Company's shareholders through greater alignment of interests. This is complimented by the fact that the current Directors have a proven track record of building businesses in the industry within which the Company operates.

The Board considers that appropriate safeguards including policies and protocols have been implemented to ensure independent thought and decision making.

Recommendation 2.5 - The chair of the board of a listed entity should be an independent director and, should not be the same person as the CEO

Mr Simon Madder, Co-Founder, Managing Director & CEO of the Company is the Chairman of the Board. The Board believes that this is in the best interests of the Company given his history, experience, expertise and understanding of the business.

The Board believe that Mr Madder has the capacity to exercise quality, independent judgement in the best interests of the Company and other stakeholders, notwithstanding that he is non-Independent.
